Introduction

We are writing to confirm your 2023/24 internal audit arrangements. Internal audit is an on-going function, undertaken regularly throughout the financial year, to test the continuing existence and adequacy of the authority's internal controls. It results in an annual assurance report to Members designed to improve effectiveness and efficiency of the activities and operating procedures under the authority's control.

Mulberry & Co recommend that councils have at least two internal audits per annum with one in the autumn (interim) and one after the council financial year-end. In some cases, your council may well have additional interim audits where there are significant areas to focus upon, or your financial arrangements are of a more complex nature.

The interim audit(s) will generally focus on the governance and accountability functions of the council, with the accurate completion of the Annual Governance and Accountability Return (AGAR) and supporting information for the external auditor the primary focus for the year-end audit.

At the conclusion of each review, we provide the council with a detailed written report confirming our findings and making recommendations where applicable for the improvement of internal processes, and providing assurance that the council's systems are fit for purpose.

Location of audit

We aim to carry out a minimum of one internal audit visit on site during the year to allow greater opportunity to effectively test processes and procedures. If this visit does not highlight any specific concerns, we may then offer the option to complete the year-end internal audit remotely.

Please note that bookings are available on a first come first served basis, and we will try to accommodate all reasonable requests for specific dates and times.

LAWS AND REGULATIONS

Regulation 5 (1) of the Accounts and Audit Regulations 2015 imposes a duty on local councils to 'undertake an effective internal audit to evaluate the effectiveness of its risk management, control and governance processes, taking into account public sector internal audit standards or guidance.' For parish and town councils, this guidance is set out in the NALC publication "Governance and Accountability for Smaller Authorities in England."

The purpose of internal audit is to review and report to the council whether its systems of financial and other internal controls over its activities and operating procedures are effective.

Onsite audits

An onsite audit is our preferred method for conducting the interim visits, due to the volume of transactional information which may be needed for review. Your auditor will attend on site at the agreed date and time. Please ensure you have access to the information listed (appendices, page 12) for the visit. **If information is available electronically, there is no need to print this specifically for the audit.** Assuming all information is available at that time of the audit, we will aim to complete our report within 48 hours of the visit.

Remote audits

If you request a remote audit, we respectfully request that information be provided to us **at least one week in advance of your booked date and time.** This allows the internal auditor the opportunity to conduct their initial review in advance of a scheduled telephone or video conversation during which further questions may arise and additional sample testing documents may be requested. The information (appendices, page 12) can be emailed or uploaded via your OpenSpace account.

Please ensure you provide the correct contact telephone number or video conference link when you book your date and time.

The remote audit report will then be finalised, pending receipt of any additional information requested, issued to the council via your Openspace account.

Who is to carry out the work?

Audit work will be carried out by one of our trained team members. You will be advised which team member will carry out the audit at the time of booking, although we reserve the right to assign a different team member at short notice if necessary.

How long will an audit take?

This is dependent on the scale and complexity of your council's accounts. We aim to conduct the detailed governance review work at the interim audit, so that at the year-end our work is focused on the Annual Governance and Accountability Return (AGAR) and the information being presented to the external auditor.

As a guide, we generally allow four to six hours for a full year's auditing for a small/medium sized Parish Council, but we are happy to discuss this in more detail prior to the audit visit. Appendix 1 details the core testing we will carry out, although we may conduct further tests as required.

Engagement letter

Our engagement letters are issued electronically via our OpenSpace secure server. This letter sets out the basis of our professional engagement and is required under the ethical guidelines of The Association of Chartered Certified Accountants. The contents of the letter describe our respective responsibilities and key deadlines. Please contact us if the contents of this letter are not in accordance with your understanding of our terms of appointment or you do not have an engagement letter.

Your engagement letter for the 2023/24 council year has been uploaded to your OpenSpace account. Please can I remind you to log on to electronically by going to www.irisopenspace.co.uk. By electronically signing the engagement letter, you agree that we can start work immediately and that you agree to our terms and conditions. **Please note we cannot start work until the engagement letter has been approved.**

Fees and services

We base our charges on an hourly rate as detailed in your engagement letter, plus £0.45p per mile for travel expenditure. All our fees and charges are subject to VAT at the prevailing rate.

Your right to complain

If you require any further information, or have any queries, please do not hesitate to contact us.
